

I believe we should:

Planning

- Ensure that proposals are appropriate, proportionate and sustainable; and that the associated infra-structure and road enhancements are viable, affordable and will happen.

This is particularly important in light of the proposed TRL and Broadmoor and Wokingham developments. As a resident, I share your concerns and your strong desire that our village identity and quality of life should not be destroyed by over-development.

Policing

- Maintain an active role with the Police, working with the PCSOs and the Neighbourhood Action Group, encouraging Community participation through initiatives such as Speed Watch.

Schools & Youth

- Forge closer links with Schools, including Extended Schools activities, and encourage more applicants to access the Crowthorne Education Charity to further the aspirations of young people.

Business

- Enhance our links with the Crowthorne Businessmen's Association, Crowthorne Traders' Association & the Market Traders and promote more village community events to increase commerce.

Governance

- Improve Crowthorne's links with Wokingham Without Parish and Wokingham Borough Councils to share and enhance the focus on Crowthorne-wide issues, and maintain our close ties with Bracknell Forest Council and their policy making, to ensure local needs in Crowthorne are addressed.

Crowthorne Parish Council Elections 6th June 2013 CROWTHORNE WARD

Bruce McKenzie-Boyle

A resident of Crowthorne for 23 years with my family, two of my sons being educated at Edgbarrow, and with over 40 years' experience in Sales & Marketing, I now run my own Management Consultancy helping small companies to win business and grow, create new jobs and drive innovation.

I am the elected Customers' Representative on the Management Board of an International Hotels & Resorts Group and have been Chairman of a regional Patients' Support Charity.

I firmly believe in the importance of the Community and am a strong advocate of the individual's responsibility to make a contribution to the community, and that those decisions that affect people's lives should be taken at local level, involving the very people who understand the facts and the consequences of any decisions, the residents.

With a total commitment to Crowthorne, I am fully involved and doing everything I can to focus on those issues that will maintain and improve the quality and richness of life in our vibrant Crowthorne community.

The importance of service satisfaction and how to deliver it underpins everything that I do. Understanding your needs, offering solutions, and delivering on promises are the qualities that I will bring to the Council, should I be elected.
