

Dear Resident,

My name is Lisa Bradley, and I moved to Bracknell with my husband and children six years ago as we were attracted to Bracknell by the green spaces,

I feel very much part of our local community – I am currently a Governor at Fox Hill Primary School and Secretary of the Easthampstead and Wildridings Community Association. This year, I have been involved with a number of events, including as a part of the committee that arranged the Queen’s Diamond Jubilee Day Fun Day. Being passionate about Bracknell, I feel becoming a councillor for the Town Centre Ward would give me the opportunity to contribute further to our community.

My career as a funeral co-ordinator in Bracknell means that I am used to helping people in times of stress and feel this will help me assist people with the challenges that people face in these current hard times.

If elected, I would like to build on the relationship between the Town Council, the Community and businesses in Bracknell Town centre. Our Town Centre should always be a clean, easy access area, and safe for everyone to shop freely with adequate parking facilities. Bracknell Town Council is hard working and makes a difference for residents. I will be available to support and listen to the voices of residents and business owners, and be involved with the many changes that are being planned with the new Town Centre Regeneration.

The Conservative-run Town Council has a proven record of making a difference to residents’ lives, for example providing pensioners with a grant for a television licence, and by maintaining the town’s parks and green spaces so they can be enjoyed by all.

It runs the popular Jocks Lane Park, which has a prestigious Green flag Award, and I would like to see more of our local parks winning this award too. Bracknell has also won the Gold Award in the small city category of the Thames and Chiltern Britain in Bloom Competition for the last three years.

I am looking forward to meeting many of you on the doorstep as I introduce myself to you in the run up to the election, and hope that on November 15th you will put your faith in me, Lisa Bradley, to work for you on our town council.

Lisa Bradley

Conservatives on Bracknell Town Council...

Keeping it clean...and green

Bracknell Town Council is improving its environment warden service, to crack down on litter and dog mess. Progress has been made in tackling these problems, thanks to this service.

The changes will allow us to make further progress in keeping town areas cleaner. Bracknell Town Council has maintained large areas of green space in the town for many years. Your Conservative-led Town Council will keep up standards in the areas we look after.

Bracknell Town Council gives strong support to South Hill Park, and is also a key player in the management of the parkland. We will continue this role of supporting the jewel in Bracknell's crown.

Bracknell Town Council organised the celebration firework display at South Hill Park on 14 October. The fireworks marked a momentous year nationally and locally: the Jubilee, the Olympics, and the opening of the restored park. Grateful thanks to our sponsors for their valuable help.

It's a Gold Hat Trick!

Bracknell Town Council has helped get another Gold for Bracknell in Bloom, working with residents and other groups in the area to make this happen. This joint working was highly praised by the judges.

Helping Local Groups

Helping local groups: Bracknell Town Council operates the town centre Bandstand for groups to use for fundraising and other activities.

The Council also makes grants to local groups, and runs a TV licence scheme for those aged 65-75. All this and much more, is provided by your Conservative-led Town Council.

WHAT MAKES ALL THIS POSSIBLE?

Above all, sound finance. Bracknell Town Council prides itself on strict budgetary control, and has always achieved this under the Conservatives. We will ensure that we continue to offer residents quality and value for money.

Vote CONSERVATIVE - VOTE LISA BRADLEY on 15 November so that we can keep doing this!
